Excerpt from a letter to [REDACTED] from [REDACTED]

25X1A9a Maps -- I need at least four copies of each of the following:
(a) USSR 1:4,000,000 four sheet color published by GUGK 1958;
(b) National Geographic - Eastern Europe; (c) European USSR by National Geographic. And at least two copies of the maps that [REDACTED] put out in their earlier atlas and the second volume which I understand is either out or coming out. These can become rather important for things other than the project, so if you can get them over here before I leave, I would appreciate it.

[REDACTED] presently on TDY, and leaves on 6 August.
